

Maiden Vermont Visitors Policy

We love singing and want to share our joy in being back together again with as many other women as possible who also enjoy singing.

Because singing is a high risk activity during this time of covid, all members and potential members of the Maiden Vermont chorus are being asked to follow our new covid policies, found on our website, to minimize the risk of contracting covid. Many of our members are over age 60 and considered high risk.

All visitors are asked to:

- 1) Contact a member of Maiden Vermont prior to visiting, to let her know they would like to visit one of our rehearsals at the Salisbury School;
- 2) Stay current with all covid vaccines currently recommended for their age group and email a photo of their covid vaccination card to jodyelizbrakeley@gmail.com, prior to their first visit;
- 3) Wear an approved mask while singing. Information about masks will be emailed to the visitor prior to their visit and can also be found on the Maiden Vermont website;
- 4) Sign the Maiden Vermont Liability Waiver which will be emailed to them;
- 5) Provide their contact information.

Maiden Vermont will:

- 1) Email a copy of our Covid Policy, required mask information and Liability Waiver to each visitor so they are aware of our policies, including the fact that we will ask them to complete our self reporting symptom check-in form prior to each rehearsal; and will keep track of when they are at rehearsals so we can include them in any contact tracing needs that may arise.

But most of all, come join us and share the joy we have being together and making beautiful music!
